

September 2018

Dear Parents

Welcome to you all at the start of the new school year! It has been a fast paced and exciting start to the term here at MKPS. New children are settling in well, as are our new members of staff.

We have been joined by Dr Jarrett, Director of Music; Mrs Foulger, Assessment and Achievement Manager and teacher; Miss Fernandes, IT teacher; Mrs Homer, Class 8 form tutor and SENCO and Mrs.Vaux, Class 5 teacher.

The children this year will again be very fortunate to have access to a huge variety of activities and educational opportunities, which can be seen in our highly successful sports teams, wonderful musical productions, beautiful art displays, many trips and visits to places of historic interest, art galleries, sports stadiums, theatres, forests and, of course, our school Farm.

With this in mind I am delighted to announce that the new barn is now built and ready for the children. This magnificent building has been designed to further enhance our already very active and enriching Farm programme. It will house an environmental studies research room and a craft and crop preparation area. Each child from Class 5 to Class 11 will visit every week. It is wonderful to be able say that here at MKPS we offer a truly rounded educational opportunity!

Additionally, over the summer the school has had an entirely new state of the art networking system installed. This will allow for the further development of computing across the building and even greater opportunities for the children to use technology in a variety of other subjects. Cross-curricular links are very important and add a significant extra dimension to the children's education.

I look forward to a busy, successful and happy year ahead for us all at MKPS.

Yours sincerely

SIMON DRIVER
