PARENTAL CONSENT

It is important that all children with medical conditions are supported in school and some children may need medical care or attention to keep them well and comfortable during the school day. Please help us by filling in the above form as completely as possible so that we are able to assess and regularly review your child's health and dietary needs and, where appropriate, discuss in further detail with Matron to ensure any medical needs are met appropriately within school.

The above information is, to the best of my knowledge, accurate at the time of writing and I give consent to the school to discuss this information with the School's Matron or other health professionals who are involved in my child's care.
