

# MILTON KEYNES

## PREPARATORY SCHOOL & NURSERY

"My son has had a fantastic morning! The teaching has been brilliant. Thank you for everything you're all doing."

*(Year 5 parent)*

"I just wanted to say thank you so much for the home schooling. The regular Zoom calls are working really well and they both seem to be enjoying and engaging really well with them. It's really lovely to see. The work and timetable is really good as well and makes it a lot easier for me to keep track of too. Thank you so much."

*(Reception & Year 2 parent)*

### What some of our parents have told us

"My daughter feels that the core lessons are engaging and she completes the assigned tasks. The split between online and independent learning generally seems right. The timetable works well for us and has a good balance."

*(Year 4 parent)*

"My son has really been enjoying his on-line lessons, and it is so good that he is able to follow a normal school day timetable. We really appreciate all the efforts the staff are going to, to try and help the children through this difficult time and maintain their education."

*(Year 5 parent)*
